

Inviting New Massive Open Online Course Proposals for SWAYAM

SWAYAM (Study Webs of Active Learning for Young Aspiring Minds) is the web portal of MHRD which offer free Massive Open Online Courses (MOOCs) in almost all disciplines for Indian students in higher education. The objectives of conducting such online courses is to ensure the access to best teaching learning resources to all students. The SWAYAM MOOCs have been launched by the MHRD in the year 2016 and since then over 3500 MOOCs have been offered.

The MHRD has identified some gap areas to develop MOOCs both in under graduate and post graduate levels. At present more than 364 courses (areas) have been identified among twelve subjects. More subjects / course (areas) will be added to this list soon.

New proposals are invited from eligible University / college faculties for MOOCs in the subjects and areas identified as to be filled urgently with new MOOCs.

All information regarding the submission of proposals is available from the link swayam.inflibnet.ac.in

Interested faculties can submit new MOOC proposals through the same link.
